To Whom It May Concern:

Kendall Wright offered a brilliant presentation at the Great Miami Valley YMCA's Annual Meeting on April 26, 2007. His dynamic personality engaged the audience throughout the presentation that served as a motivational tool for our staff and volunteers. He served as true inspiration to those in attendance. We provided Kendall with a basic outline of our event that focused on leadership, and he delivered an inspiring presentation that created an innovative way of thinking about leading in the YMCA. He tailored his presentation to be affective to our group and was well received by those in attendance.

We appreciate Kendall sharing his time and talents with our Association. If you need any additional information, please feel free to contact the Great Miami Valley Metro Office at 887-0001.

Sincerely,

Woody Fitton  
President & CEO  
Great Miami Valley YMCA
